

Evangelism Permission Form

The student listed below wishes to enroll in Evangelism (DCM 1210-3). Mindful of the importance of personal practice for the student wishing to learn personal evangelism, I agree to supervise the student listed below in at least ten visits made for the purpose of sharing Christ with the lost during his 120 day enrollment for this class. I understand that the college is not expected to compensate me in any way and that I am doing this as an investment in my church member and the furtherance of the kingdom. Either I or a person whom I know to be qualified to lead someone to Christ will accompany this student on all visits and will endeavor to provide opportunities for the student to share his faith during at least three of the visits.

QUESTIONS?

Q: How long do I have to complete a Distance Education course?

A: Courses are intended to be completed in 120 days from the time the materials are received. If necessary, you may request a 30-day extension.

Q: Can I earn a Bachelor's degree through distance studies courses alone?

A: Only Bible courses are planned at this time.

Q: Are these the same courses that are offered on campus at Arlington Baptist College?

A: Distance Education courses are based on material similar to that presented at Arlington Baptist College but are tailored to fit the situation of the Distance Education student.

Q: How will my work be graded?

A: An instructor at Arlington Baptist College will personally review the work you send in and evaluate it based on the criteria given in the course syllabus. You will receive written comments and grades through the mail.

Q: What about testing?

A: When you have completed a designated portion of the course, you will send in a form requesting an exam. The test will be mailed to you in a sealed envelope and should be taken with a proctor present if you plan to apply for college credit for the course. (Many Junior Colleges offer this kind of test proctoring service for a minimal fee.) The proctor will sign a verification form and mail the test to your instructor. Your instructor will grade your test and return it to you.

Q: What will I receive in the way of course materials?

A: Your course packet will consist of some general information and instructions which apply specifically to your course. All forms you will need to communicate with your instructor, submit assignments, request tests, etc. The course syllabus giving goals and objectives, instructions and assignments will come with a study guide or a textbook to be used along with your Bible.

Q: What if, after I receive the materials, I find they are not what I was looking for?

A: You have 21 days in which to return the materials unmarked for a full tuition refund. (The \$50 registration fee is not refundable.)

Q: If I take it for institute credit can I upgrade it at a later date?

A: Yes, but it will be more costly in the long run and it will not be possible to later issue a letter grade which could make it non transferable.
